

THE FUTURE OF PRODUCTION

WHERE
TECHNOLOGY,
CINEMA AND
STORYTELLING
BECOME
IMMERSIVE
REALITIES.

LET
YOUR
VISION
FLOW

POWER — OF — PRODUCTION

iDigital Creative Studio is a creative studio that combines technology, art and strategy to transform the audiovisual industry. We specialize in film production services, AI implementation, virtual production, XR, VFX, LED wall integration and digital marketing, with presence in the United States and Mexico.

CORE SERVICES

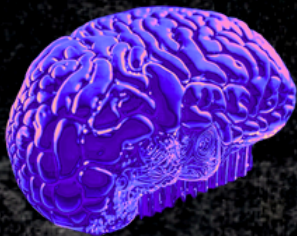

FILM & PRODUCTION SERVICES, BTS, EPK

Full production support for films, series, branded content and commercials — from concept to shooting.

VIRTUAL PRODUCTION

Real-time digital environments powered by LED walls, reducing the need for physical locations and optimizing production time.

AI IMPLEMENTATION

Hybrid workflows that enhance human talent and unlock new creative possibilities.

XR EXPERIENCES

Immersive experiences combining augmented, virtual and mixed reality for events, training and storytelling.

VFX

Visual effects, editing, color, behind-the-scenes content and marketing assets designed to maximize each project's impact.

LED WALL INTEGRATION

Installation and configuration of next-generation LED screens for virtual production, live events or permanent studio installations.
